"As a young boy I remember Gerry visiting our family home showing my father Rudy double waxed bags and designs for our "new" waxed bag. I guess you can say the Unger company has been a part of not only my business life but part of my personal life for over 40 years. There are very few salespeople I look forward to seeing in the course of running our family business. Yet, Joyce always puts a smile on my face with her can do attitude and her bag of new items to showcase. I guess after all these years I see what my father before me did a company that has helped ours with personal service, quality products and mostly a company that understands the baking industry. Thank you Joyce, and the Unger family for all your support in helping us achieve our 75th year in business."

-Todd J. Wagner, General Manager at Wagner's Bakery LLC, Olympia, WA
